

Panini Machines Single (CORT) & Double (PD)

PD

CORT

Suitable for cooking meat, fish, eggs, vegetables, cheese and any other food that can be grilled. Ideal for sandwiches and rolls of different sizes and thickness. Thanks to its small size it is easy to handle and position while still offering a large cooking surface. Long life cast iron plates ensure hygiene, acid and salt proofness and resistance to oxidation. Available as ribbed top/smooth bottom, ribbed top/ribbed bottom or smooth top/smooth bottom.

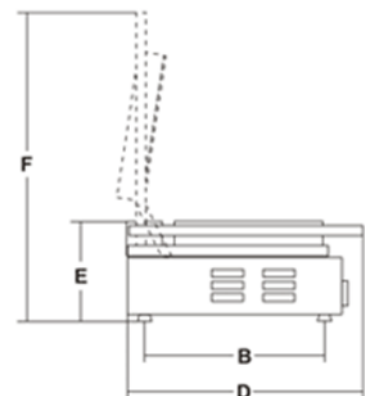

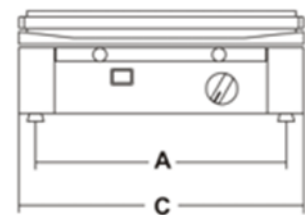

- The cast iron plates have a ceramic coating so they are non-stick and very easy to clean
- Stainless steel construction
- Highest sturdiness and long lasting
- Perfect thermal conductivity
- Adjustable upper plates
- Self balancing upper plate
- Shock-proof coated heating element, adherent to the plates for a perfect thermal conductivity
- Adjustable thermostats up to 300°C, which enable the plates on the double to be used separately
- Heavy-duty machine with mechanical timer

Extra Grill brushes available

Technical Data

Model	CORT	PD
Power	2100watt	3000watt
Power source	230V/50Hz	230V/50Hz
Useful surface	355mm x 255mm	500mm x 255mm
A	340mm	475mm
B	275mm	275mm
C	380mm	515mm
D	435mm	435mm
E	235mm	235mm
F	500mm	500mm
Net weight	21kg	31kg

Panini Machines Elio

Suitable for cooking meat, fish, eggs, vegetables, cheese and any other food that can be grilled. Ideal for sandwiches and rolls of different sizes and thickness. Thanks to its small size it is easy to handle and position while still offering a large cooking surface. Long life cast iron plates ensure hygiene, acid and salt proofness and resistance to oxidation. Available as ribbed top/smooth bottom.

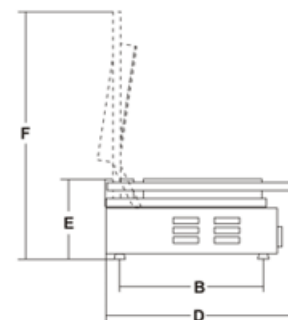

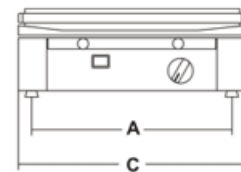

- The cast iron plates have a ceramic coating so they are non-stick and very easy to clean

Extra Grill brushes available

Technical Data

Model	Elio
Power	1550watt
Power source	230V/50Hz
Useful surface	250mm x 255mm
A	215mm
B	275mm
C	260mm
D	435mm
E	235mm
F	500mm
Net weight	16kg

Panini Machines Ceramic

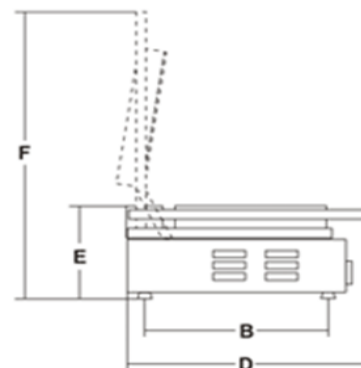

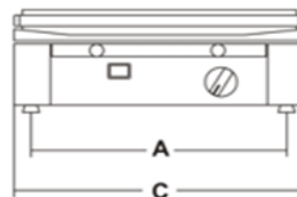

The ceramic Panini grill is a greener version of the cast iron models, they are more energy efficient and faster to reach temperature. Available with smooth top/smooth bottom or ribbed top/ribbed bottom

- ceran® ceramic-glass cooking surfaces
- Stainless steel construction
- Thermostat control
- Useful drip tray for liquids and other cooking leavings
- Easy to clean
- Adjustable upper plates
- Self balancing adjustable upper plate
- Adjustable feet for a safe and steady placing
- Ideal for a fast achievement of working temperature

Model	PD Ceramic
Power	3200watt
Power source	230V 50/60Hz F+N
Useful surface	530mm x 255mm
A	542mm
B	330mm
C	592mm
D	441mm
E	166mm
F	565mm
Net weight	30kg

Panini Machines Wafer

- Long life cast iron plates, which ensure hygiene, acid and salt proofness and resistance to oxidation
- stainless steel construction
- cast iron plates with ceramic coating treatment
- highest sturdiness and life time
- perfect thermal conductivity
- very easy to clean
- self balancing adjustable upper plates
- shock-proof coated heating elements, adherent to the plates for a perfect thermal conductivity
- two adjustable thermostats up to 300° C, which enable to use the plates separately
- heavy-duty machine
